

Earth Day 2021

April 22, 2021

In honor of Earth Day 2021, Angeleno Group is making donations to Heal the Bay, the Plastic Pollution Coalition, the Rocky Mountain Institute (RMI) and the UCLA Institute of the Environment & Sustainability in support of their missions dedicated to helping our planet.

We have also posted topical pieces in connection with Earth Day and climate change by the UCLA Institute of the Environment & Sustainability and the World Resources Institute to the News section of the Angeleno Group website.

UCLA Institute of the Environment & Sustainability

[Carbon sequestration: a critical but less-understood piece of the climate puzzle](#)

World Resources Institute

[Earth Day 2021 | World Resources Institute \(wri.org\)](#)

[4 Big Outcomes the Leaders Summit on Climate Can Deliver](#)

In support of the ongoing Environmental, Social and Governance (ESG) efforts and long-term goals of our portfolio companies, we have posted links to the New Forests 2020 Sustainability Report and the TPI Composites 2020 ESG Report in the News section of the Angeleno Group website.

We look forward to sharing with you later this month in the Sustainability section of our website the Angeleno Group 2020 ESG Report – our 10th edition - on our Responsible and Sustainable Investing Program and ESG initiatives.
